

Fescue 24

Formulated for beef cattle

Fescue 24 is specifically designed for cattle on fescue pasture. Fescue 24 is formulated with high sugar cane molasses and multiple sources of protein that enhance rumen function, reducing the negative effects of fescue toxicity. Fescue 24 has high levels of Magnesium and multiple sources of trace minerals, specifically zinc and copper, that have been shown to be beneficial when grazing endophyte infected fescue. **This product is fortified with COMAX and Selenium Yeast.**
