

# Stocker Gold

## Formulated for beef cattle

Stocker Gold is designed for calves and yearling's going on to pasture. Stocker Gold has been formulated for young growing animals, to promote digestion and intake, and to support a healthy immune system. Stocker gold stimulates intake with the use of higher sugar molasses and salt, animals start on Stocker Gold quickly. Fortified with **COMAX** a natural feed additive and **Yucca Schidigera**, to promote bacterial growth and increased rumen function. Provides all the necessary minerals, vitamins and trace minerals required for young growing animals.

### Advantages of Stocker Gold

- ★ High energy, high digestibility, high sugar content
- ★ High quality proteins
- ★ Enhances rumen fermentation
- ★ Stronger, healthier calves
- ★ Improves digestion of forages
- ★ Low level of salt to stimulate intake for young livestock
- ★ Low level of urea (6%) to stimulate rumen bacteria
- ★ High levels of minerals and vitamins for growing animals
- ★ Low moisture content < 4%
- ★ Weather resistant
- ★ No waste
- ★ Improved all around health
